

BOOSTER[®]

DIETARY SUPPLEMENT

A non-synthetic, whole food vitamin supplement with antimicrobial activity for all sick, weak or immune-compromised animals or animals with allergies or self-mutilation disorders

BENEFITS

- Has antibacterial, antiviral, antifungal and antiprotozoal properties
- Has high antioxidant content for immune system support
- Is a non-synthetic source of 6 forms of vitamin E (tocopherols *and* tocotrienols)
- Is a whole food source of carotenoids (precursors to natural vitamin A, including alpha- *and* beta-carotene)
- Is a natural, rich source of coenzyme Q₁₀ (CoQ₁₀) when compared to other oils
- May benefit the animal's skin, eyes, heart and immune system by strengthening the overall nutritional status
- May improve the animal's energy level, particularly in geriatric and sick patients
- May help eliminate recurrent infections without the use of antibiotics; also works well in conjunction with antibiotic protocols
- May support healing of conditions affecting the skin, coat and plumage, such as dermatitis or feather destruction
- Contains a good balance of fatty acids
- May improve the effectiveness of nonsteroidal anti-inflammatory drugs

- May inhibit non-autochthonous life forms while allowing native GI flora to repopulate
- Is a vegetarian oil that is more stable than flax oil

DIRECTIONS

As a semisolid: Scoop daily dosage of Booster from wide-mouth jar and offer with a spoon or mixed with favorite food.

As a liquid: Liquefy Booster by floating bottle in hot water (120°F [49°C]) for a few minutes and administer with a syringe or apply to food.

DAILY DOSAGE

- Administer at 0.1-0.3 ml per lb (0.45 kg) body weight (1 tsp per 50 lb) or 0.02-0.06 ml per 100 g body weight.
- Alternatively, mix 1 tsp (5 ml) liquefied Booster with 1 lb (455 g) of the animal's food in a bowl and return to original bag for storage; feed normally.

SAMPLE DOSAGES	
	Booster Daily Dose
Birds	0.02-0.06 ml per 100 g body weight
Rabbits, guinea pigs	Start with 0.1 ml and increase as indicated
For all other animals (does not need to be liquefied)	
Under 5 lbs (2.27 kg)	0.5-1.5 ml
10 lbs (4.5 kg)	1-3 ml
25 lbs (11.3 kg)	2.5-7.5 ml (0.5-1.5 tsp)
50 lbs (22.6 kg)	5-15 ml (1-3 tsp)
75 lbs (34 kg)	7.5-22.5 ml (1.5-4.5 tsp)
100+ lbs (45 kg)	10-30 ml (2-6 tsp)

INGREDIENTS

A patented monoglyceride suspended in certified organic Brazilian red palm fruit oil

STORAGE AND SHELF LIFE

Booster may be stored in the refrigerator after opening and should be kept away from direct sunlight. The shelf life is 18 months after production. Look at the "Best by date" usually located on the bottom of the bottle.
