

SOOTHER PLUS[®]

TOPICAL CREAM

**A nontoxic, topical antimicrobial cream
with immediate antipruritic effects**

BENEFITS

- May provide pain relief for bruises, trauma, muscle cramps, post-surgical incisions and self-inflicted wounds
- May be applied directly to open wounds
- Offers a nonsteroidal anti-inflammatory cream for management of skin disorders
- May effectively manage swelling and inflammation
- Provides a nontoxic alternative to topical antibiotics
- Is safe for all species (dogs, cats, birds and other exotic and domestic animals)
- May reduce local pathologic viral, bacterial and fungal populations in lesions
- Uses transdermal technology for efficacy of topical application

DIRECTIONS

- Apply a thin layer topically and gently massage into the affected area for 11 seconds until absorbed.
- Several treatments per day may be required to manage pain.
- Rinse affected area with warm water every 7-10 days to avoid buildup.
- Discontinue use if redness or irritation occurs.
- Do not use in or around the eyes.
- Do not use with other topical or occlusive products.

INGREDIENTS

A patented quaternary ammonium product suspended in aloe vera distillate for topical pain relief with the addition of a patented monoglyceride C12 fatty acid for nontoxic antimicrobial activity
