SUNSHINE FACTOR[®]

DAILY DIETARY SUPPLEMENT

A non-synthetic, whole food vitamin supplement for all animals

BENEFITS

Natural vitamin precursors have been found to have more potent positive health benefits and fewer side effects than synthetic sources.

Sunshine Factor:

- Is a whole food source of carotenoids (precursors to natural vitamin A, including alpha- and beta-carotene)
- Is a non-synthetic source of 6 forms of vitamin E (tocopherols and tocotrienols)
- Is a natural, rich source of coenzyme Q₁₀ (CoQ₁₀) when compared to other oils, which benefits the heart
- Has high antioxidant content for immune system support
- Contains a good balance of fatty acids
- May benefit the animal's skin, eyes, heart and immune system by strengthening the overall nutritional status
- May improve the animal's energy level, particularly in geriatric, pediatric or weak patients
- Is beneficial for all aspects of the skin, coat or plumage, including dry skin, dull hair or brittle feathers
- May improve the effectiveness of nonsteroidal anti-inflammatory drugs

- Is a vegetarian oil that is more stable than flax oil
- Is easy to administer because animals like the taste
- Is a sustainable agricultural product grown on Fair Trade farms in Brazil.

INGREDIENT

100% USDA-certified organic red palm fruit oil.
 Certified organic by QAI. Kosher-certified by Blue Ribbon.

DIRECTIONS

As a semisolid: Scoop daily dosage of Sunshine Factor from wide-mouth jar and offer with a spoon or on food.

As a liquid: Liquefy Sunshine Factor by floating bottle in warm water (80°F [27°C]) for a few minutes and administer with a syringe or apply to food.

STORAGE AND SHELF LIFE

Sunshine Factor may be stored in the refrigerator after opening and should be kept away from direct sunlight. The shelf life is 18 months after production. Look at the “Best by date” usually located on the bottom of the bottle.

DAILY DOSAGE

- Administer 0.1-0.3 ml per lb (0.45 kg) body weight (1 tsp per 50 lb) or 0.02-0.06 ml per 100 g body weight.
- Alternatively, mix 1 tsp (5 ml) liquefied Sunshine Factor with 1 lb (455 g) of the animal’s food in a bowl and return to original bag for storage; feed normally.

| SAMPLE DOSAGES | |
|--|---|
| | Sunshine Factor® Daily Dose |
| Birds | 0.02-0.06 ml per 100 g body weight |
| Rabbits, guinea pigs | Start with 0.1 ml and increase as indicated |
| Horses | Healthy: 50 ml; Sick or recovering: 70 ml |
| For all other animals (does not need to be liquefied) | |
| Under 5 lbs (2.27 kg) | 0.5-1.5 ml |
| 10 lbs (4.5 kg) | 1-3 ml |
| 25 lbs (11.3 kg) | 2.5-7.5 ml (0.5-1.5 tsp) |
| 50 lbs (22.6 kg) | 5-15 ml (1-3 tsp) |
| 75 lbs (34 kg) | 7.5-22.5 ml (1.5-4.5 tsp) |
| 100+ lbs (45 kg) | 10-30 ml (2-6 tsp) |
